Own your share of luxury today from \$335,000 plus ongoings  
Hamilton Island, Whitsundays

*Changing the face of syndicated motor yacht ownership is our passion*

## Riviera 52 Enclosed Flybridge A triumph of function and form

Over three levels of luxurious on-water living, the uncompromising Riviera attention to detail and quality inspire at first sight. And reassuringly, being an Australian-built Riviera, will do so for decades to come.

So what is it that impresses most? Is it the light and space and headroom in such generous proportions that the saloon and cockpit are transformed into one spectacular inside-out flowing space, that can also be easily enclosed and separated?

Or is it the luxury handcrafted touches you notice all around, from the fabulous woodwork to gleaming stainless steel rails and door frames, to the plush double-stitched saloon lounges?

Of course the mechanically minded might believe that the industry-leading Volvo Penta Inboard Performance System (IPS), with Glass Cockpit navigation and unbelievably easy, joystick maneuverability and control, is the most impressive of all this yacht's stunning features.

But then there is a wealth of technology to facilitate every journey and need. And just wait until you experience the accommodation plan encompassing three staterooms, two bathrooms, and so much more your friends and family will delight in being onboard one of the world's great luxury motor yachts, the Riviera 52.
